- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

Fire Weather Monitoring, Southern California

On 10/18/18, the National Weather Service (NWS) issued Red Flag Warnings for Southern California mountains, valleys, and coastal areas, due to gusty offshore flow, warm and dry conditions, very dry fuels/vegetation.

- San Diego Gas & Electric (SDG&E) reporting one Public Safety Power Shutdown (PSPS) affecting 2 customers, and one affecting 0 customers.
 - Customers are expected to be back in service 10/20/18.

Activations

- The SDG&E Emergency Operations Center (EOC) de-escalated to Level 1 on 10/19/18 at 1510 hours.

Deployments

- 1 Cal OES Southern Region Senior Emergency Services Coordinator (ESC) demobilized from the SDG&E EOC.

Resources Assigned

- See Fire Activity Slide for Prepositioned Resources.

Virulent Newcastle Disease (VND) in Backyard Poultry and Avian in Los Angeles, San Bernardino, and Riverside Counties

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle disease (vND) in backyard exhibition poultry and avian in San Bernardino, Riverside, and Los Angeles counties, and declared an Agricultural Emergency on 06/26/18. The CDFA State Veterinarian-Director has established an animal (defined poultry species) and animal products quarantine in designated disease control areas in the counties of San Bernardino, Riverside, and Los Angeles. Since 05/18/18, the USDA has confirmed 156 cases of vND in backyard birds in California, 102 in San Bernardino County, 22 in Riverside County, 31 in Los Angeles County, and 1 in Ventura County.

Deployments

- 1 Cal OES Southern Region Senior ESC is deployed as an Agency Representative

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

Prepositioning of Cal OES and Local Government Resources for Red Flag Warning Event

In preparation for dangerous fire weather conditions, including high winds, anticipated to impact Southern California Counties, the Governor's Office of Emergency Services (Cal OES) has strategically pre-positioned critical fire response resources to include strike teams of fire engines, firefighters, water tenders and emergency dispatchers in the designated impacted areas. These resources and personnel will begin staffing 10/19/18 at 0800 hours. The pre-positioned fire resources and emergency personnel include:

- Los Angeles County OA: 1 Local Government Type 1 Strike Team (5 Engines), 1 Dispatcher ([All units released as of 10/19/18, 2000 hours](#))
- Orange County OA: 1 Cal OES Type 1 Strike Team (5 Engines), 1 Local Government Water Tender, 1 Dispatcher ([All units released as of 10/19/18, 2000 hours](#))
- Los Angeles County OA: 1 Local Government Type 1 Strike Team (5 Engines), 1 Dispatcher ([All units released as of 10/19/18, 2000 hours](#))

WEATHER OF CONCERN

Weather of Concern

- Increasing rain chances tonight with thunderstorms possible tomorrow. Best chances will be in eastern San Bernardino County. Main impacts and hazards will be slick roads, gusty winds, dangerous lightning, and isolated flooding.

Weather Advisories, Watches, and Warnings currently active in California:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

Key Points

10/20/18 - 10/26/18

Saturday

- Elevated fire weather concerns in southern CA along the coastal areas
 - Wind gusts 30-40 mph with isolated high gusts through and below passes and canyons on Saturday morning.
 - Increasing humidity on Saturday afternoon.
- Showers and isolated thunderstorms possible starting Saturday evening in SE CA

Sunday

- Showers and isolated thunderstorms possible in SE CA

Monday

- Dry conditions statewide. No significant impacts.

Key Points

10/20/18 - 10/26/18

Tuesday-Friday

- Rain across northern costal areas. No significant impacts.
- Gusty sundowner winds across southern Santa Barbara County in southern CA Wednesday night and Thursday night which may cause elevated to critical fire weather conditions

WEATHER SYNOPSIS BY REGION

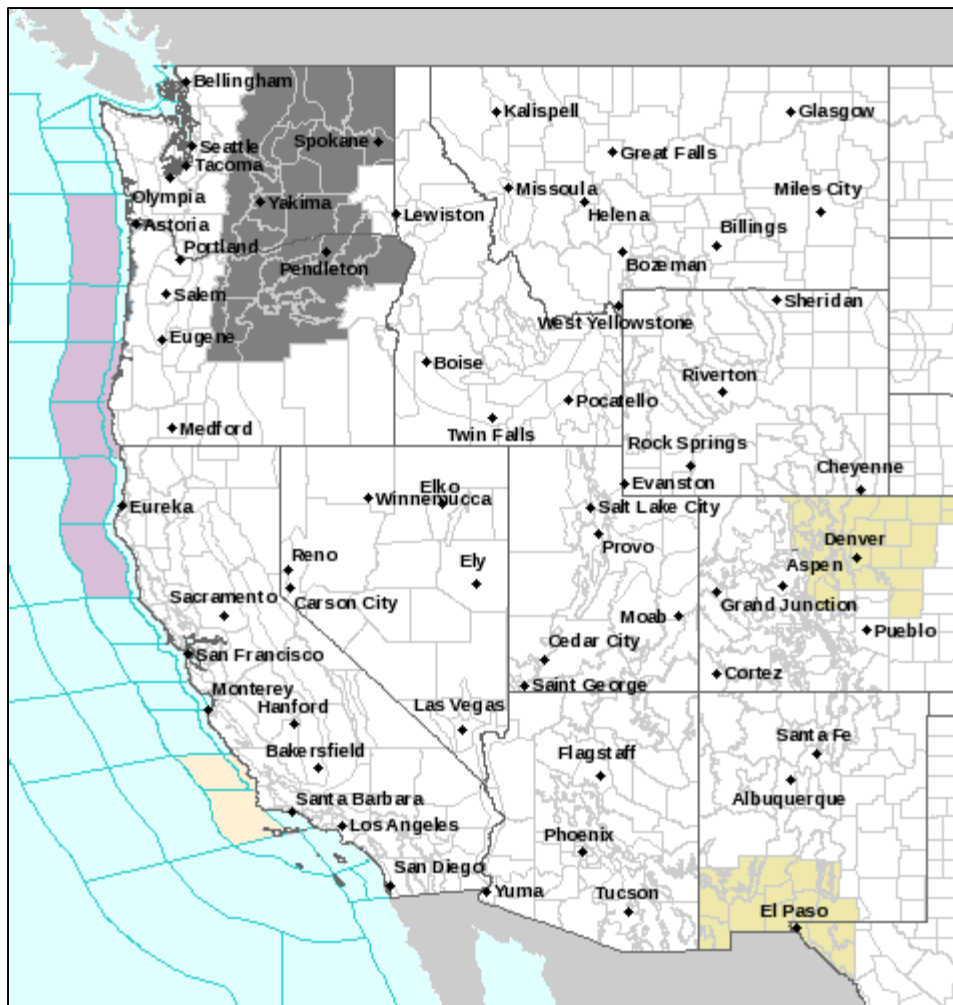

NORTHERN CALIFORNIA

- Very Low Daytime Relative Humidity (RH) and Poor Nighttime RH Recovery into Early Monday
- High pressure will produce warm and very dry conditions into Monday.
- Daytime minimum RH 10-20% inland areas and mid and upper slopes near the coast. Overnight RH recovery to 20-40% on mid and upper slopes. Increasing RH Monday.
- Afternoon max temperatures 10-15 degrees above normal today, 7-10 degrees above normal Sunday and Monday, then closer to normal Tuesday through Friday.
- N-NE/Offshore gusts to 15-25 mph during nights and mornings on the mid and upper slopes from the western Cascade-Sierra slopes to the coast through early Monday.
- Onshore flow pattern starting Monday will lead to higher humidity, cooler temperatures, better smoke dispersion for burn projects, and a deeper marine layer that moves farther inland each night.
- A slight chance of light rain showers far NW CA Tuesday night and Wednesday, spreading as far south as a Santa Rosa-Red Bluff-Quincy line Wednesday night through Friday.
- Warmer and drier next weekend with more N-NE/Offshore winds possible.

SOUTHERN CALIFORNIA

- A weak area of low pressure off the California Coast will move inland Sunday and Monday. The low-pressure area will move off to the east Tuesday. High pressure from the southwest will build into California Wednesday through the end of next week.
- Isolated to scattered showers and thunderstorms will form over the mountains and deserts this afternoon through Monday afternoon.
- Most locations will receive little or no rainfall, but some locations over the Sierra Crest and near the Nevada Border can receive up to an inch of rainfall through Monday afternoon.
- Maximum temperatures will remain 5 to 10 degrees above normal today, with upper 50s and 60s across the mountains and upper 70s and 80s in the valleys.
- Minimum humidity will remain between 12% and 25% today.
- Temperatures will cool to near normal and minimum humidity will rise to above 20% Sunday through Tuesday.
- A slow warming and drying trend will occur Wednesday through the end of next week.
- Winds will be light through the end of next week.

Cal OES LAW ENFORCEMENT MISSIONS

Closed Cal OES Law Missions

- **2018-LAW-52413, 10/19/18, 0201 hours:** The Air Force Rescue Coordination Center (AFRCC) contacted the CSWC regarding a personal locator beacon (PLB) activation plotting in a residential neighborhood of Monterey. Efforts to contact the registered owner (R/O) and emergency contact phone numbers were met with negative results. Monterey PD was asked to check the area where the device was sounding but was unable to see anyone in distress. **Update 10/19/18, 0730 hours:** AFRCC advised the device has moved south east during the night. The device is plotting in a wooded area near Westland Community Hospital. This information was relayed to Monterey PD who advised the original activation coordinates and current coordinates correspond with their homeless community areas. Monterey PD will conduct an area check to see if they can locate anyone in distress. **Update 10/19/18, 1210 hours:** Monterey PD checked recent coordinates (36 34.87 N / 121 53.20 W) and was unable to locate anyone in distress or device in the parking area and park area at facility. Monterey PD Checked the area for anyone in distress or readily making themselves known to LE. Last location was near the same above mentioned medical care facility. Monterey PD checked to their satisfaction and cleared area. The responding officer will pass on info to on coming shifts to check the area and provide a brief to on coming shifts/officers. AFRCC notified and will update if the device makes significant movement. **Update 10/19/18, 1800 hours:** AFRCC discussed status of PLB staying in the general area with no significant movement (36 34.87 N / 121 53.20 W). This information coupled with a known area for homeless population indicates a probably lack of anyone in distress despite the efforts of Monterey PD repeatedly checking the area. AFRCC advises they will advise if any significant movement and will let the device silence itself. **Mission Closed.**

Ongoing Cal OES Law Missions

- **2018-LAW-52389, 10/18/18, 1512 hours:** The Mariposa County Sheriff's Office is requesting two human remains detection (HRD) dog teams to search for a missing person from a vehicle that was swept away due to a washout on Hwy 132 several months ago. The Cal OES Canine Coordinator is working to staff the request which is scheduled for 10/27/18 at 0800 hours. Meeting place is the Mariposa County Sheriff's Office. **Mission Ongoing.**
- **2018-LAW-52239, 10/11/18, 1555 hours (reopened):** Plumas County requested 3 HRD dog teams for a search in the Lake Davis area. The search was scheduled for Saturday, 10/13/18. The Cal OES Canine Coordinator secured the requested resources. **Update 10/17/18:** Plumas County has requested to reopen this mission and asked for HRD dogs teams for an operational period on 10/20/18. **Update 10/18/18, 1553 hours:** The Cal OES Canine Coordinator has secured three HRD dog teams for the upcoming operational period for 10/20/18. **Mission Ongoing.**
- **2018-LAW-50684, 10/11/18, 1430 hours (reopened):** Yolo County requested a prior mission be reopened to allow for additional searches. Yolo County has been using HRD dog teams to search for a deceased individual in the Woodland area. **Update 10/18/18, 2145 hours:** Yolo County notified the Cal OES Law Enforcement Duty officer (LDO) of mission update status. The Cal OES Canine Coordinator has secured three HRD dog teams for the upcoming operational period for 10/20/18. **Mission Ongoing.**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-Cal OES-51904:** 2018 July Statewide Wildfires – CNG to provide 55 SHOUT NANO devices, 1 laptop computer, transportation, and required training in support of debris removal operations in the Carr Fire burn area. (On Scene)
- **2018-SREOC-51612:** 2018 July Statewide Wildfires - Holy Fire and Cranston Fire Burn Scars, Riverside County - Advanced Technical Assistance to address the imminent threat and high risk of mud and debris flows the Riverside County Operational Area will experience from the Cranston and Holy fire burn area. (On Scene)
- **2018-IREOC-49869:** 2018 July Statewide Wildfires - Debris Management Task Force for Shasta County. (Coordinating)
- **2018-IREOC-48515:** 2018-07-05-Klamathon Wildfire - Air monitors in Siskiyou County due to the Klamathon Fire. (On Scene)
- **2018-CREOC-48046:** 2018-06-23-Lake-Wildland Fire - DTSC to clear debris from Pawnee Fire. (Coordinating)
- **2018-IREOC-45244:** Daily Operations - Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene - Long-term assignment)
- **2017-SOC-44098:** 2017 December Wildfires - CalRecycle Debris Management Team in Ventura County. (On Scene)
- **2017-Inland-42559:** Daily Operations - Weather station installed to gather real time rainfall data by Air Resources Control Board (ARB). Mission extended through 05/30/19. (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
